This program introduces a wide range of beginner classes, chosen for their focus on being gentle, careful and emphasizing alignment. Each class builds on the one before it, finishing with class twelve, which will challenge the student the most. It is designed to get your muscles used to being stretched, while minimizing soreness. After six weeks, not only will you feel more flexible, but you ...

CodeCog's Equation Editor is great when you just need little snippets of code to insert here and there, but if you are creating a document that contains a lot of mathematical expressions, you will find it much easier and more efficient to create a complete LaTeX document. In order to create LaTeX documents, you need two pieces of software: a LaTeX distribution and a text editor.
