Computer use is an integral part of the Civil Engineering curriculum. From required courses in computer programming and numerical analysis to subsequent use and development of Civil Engineering programs, students experience the use of computers as a planning, analysis, design, and managerial tools.

Department of Civil Engineering < Case Western Reserve

Overview and etymology. Michel Paradis, a French-Canadian surveyor, introduced geomatics as a new scientific term in an article published in 1981 in The Canadian Surveyor and in a keynote address at the centennial congress of the Canadian Institute of Surveying in April 1982. He claimed that at the end of the 20th century the needs for geographical information would reach a scope without ...
