African literature is literature of or from Africa.. As George Joseph notes in his chapter on African literature in Understanding Contemporary Africa, whereas European views of literature often stressed a separation of art and content, African awareness is inclusive: "Literature" can also simply mean an artistic use of words for the sake of art alone.

Archaeology, or archeology, is the study of human activity through the recovery and analysis of material culture. The archaeological record consists of artifacts, architecture, biofacts or ecofacts and cultural landscapes. Archaeology can be considered both a social science and a branch of the humanities. In North America archaeology is a sub-field of anthropology, while in Europe it is often ...
