Video on demand (VOD) is a programming system which allows users to select and watch/listen to video or audio content such as movies and TV shows whenever they choose, rather than at a scheduled broadcast time, the method that prevailed with over-the-air programming during the 20th century. IPTV technology is commonly used to bring VOD to televisions and personal computers.

Video on demand - Wikipedia

Demand generation is the focus of targeted marketing programs to drive awareness and interest in a company's products and/or services. Commonly used in business-to-business, business-to-government, or longer business-to-consumer sales cycles, demand generation involves multiple areas of marketing and is really the marriage of marketing programs coupled with a structured sales process.
