Position paper EAACI/GA2LEN/EDF/WAO guideline: management of urticaria This guideline is the result of a panel discussion during the Third International Meeting on Urticaria, Urticaria 2008, a joint initiative of the EAACI Dermatology

EAACI/GA LEN/EDF/WAO guideline: management of urticaria

Dermatitis, also known as eczema, is a group of diseases that results in inflammation of the skin. These diseases are characterized by itchiness, red skin and a rash. In cases of short duration, there may be small blisters, while in long-term cases the skin may become thickened. The area of skin involved can vary from small to the entire body.

Dermatitis - Wikipedia

Residency or postgraduate training is a stage of graduate medical education. It refers to a qualified physician, podiatrist, or dentist (one who holds the degree of MD, DPM, DDS, DMD, DO or MB; BS, MBChB, or BMed, BDS, BDent) who practises medicine, usually in a hospital or clinic, under the direct or indirect supervision of a senior clinician registered in that specialty such as an attending ...

The Standards. Published in Science in 2015 (), the Transparency and Openness Promotion guidelines include eight modular standards, each with three levels of increasing stringency. Journals select which of the eight transparency standards they wish to implement and select a level of implementation for each.

The dioxins and dioxin-like compounds in cigarette smoke and environmental pollutants modulate immunological responses. These environmental toxicants are known to cause lung cancer but have also recently been implicated in allergic and inflammatory diseases such as bronchitis, asthma, and chronic obstructive pulmonary disease (COPD). In a novel pathway of this response, the activation of a ...
