Microfinance initially had a limited definition - the provision of microloans to poor entrepreneurs and small businesses lacking access to bank and related services. The two main mechanisms for the delivery of financial services to such clients were: (1) relationship-based banking for individual entrepreneurs and small businesses; and (2) group-based models, where several entrepreneurs come ...

This issue brief discusses the steps that may be necessary to create a child welfare system that is more sensitive and responsive to trauma. Every child welfare system is different, and each State or county child welfare system will need to conduct its own systematic process of assessment and planning, in collaboration with key partners, to determine the best approach.
