ecology and conservation of pdf

Ecology (from Greek: $\acute{\alpha}\lambda\omicron\gamma\acute{\alpha}$, "house", or "environment"; $\sigma\upsilon\lambda\lambda\omicron\gamma\acute{\alpha}$, "study of") is the branch of biology which studies the interactions among organisms and their environment. Objects of study include interactions of organisms with each other and with abiotic components of their environment. Topics of interest include the biodiversity, distribution, biomass, and populations of organisms ...

Ecology - Wikipedia

Global Ecology and Conservation is an Open Access journal covering all sub-disciplines of ecological and conservation science, from theory to practice, from regional to global. The fields covered include organismal, population, community, and ecosystem ecology; physiological, evolutionary, and behavioral ecology, and conservation science.

Global Ecology and Conservation - Journal - Elsevier

Restoration ecology is the scientific study supporting the practice of ecological restoration, which is the practice of renewing and restoring degraded, damaged, or destroyed ecosystems and habitats in the environment by active human intervention and action.. Many people recognize that biodiversity has an intrinsic value and that we have a responsibility to conserve it for future generations.

Restoration ecology - Wikipedia

Welcome to the Department of Ecology. We're proud to protect, preserve, and enhance Washington's environment for current and future generations.

Avian Conservation and Ecology: A Synthesis of Human

Description: Journal of Applied Ecology publishes novel papers that apply ecological concepts, theories, models and methods to the management of biological resources in their widest sense. The editors encourage contributions that use applied ecological problems to test and develop basic ecological theory, although there must be clear potential for improving management.
