Archaeology as Politics by Other Means In a political sense, the discipline of archaeology is at once trivial and significant. Paradoxically, the significance of archaeology for political action springs from its triviality. Archaeology by and large does not directly engage in the key political struggles of the modern world.

Archaeology as Political Action - University of California

and world-wide politics, and places the field of archaeology in the center stage of processes of cultural domination, the nation as an imagined community, ethnic identity, social memory, and ultimately as a form of cultural production.

ARCHAEOLOGY in Politics, Film, and Public Culture

The focus on the political implications of culinary equipment and the role of feasting in imperial statecraft arises at the intersection of several current trends in archaeology, anthropology, and social theory.

The Archaeology and Politics - ens9004-mza.infod.edu.ar
